NOTICE

URCA advises that in accordance with Section 99(1)(a)(b) it has today published a Preliminary Determination on the Proposed Revision of Access and Interconnection Framework. URCA intends to supplement the existing Access and Interconnection Guidelines (ECS 14/2010), so as to ensure efficient and timely negotiations in regards to access and interconnection services amongst licensees. The proposed measures are a continuation of URCA's efforts to fulfill its mandate to promote and maintain fair competition between licensees in the Electronic Communication Sector (ECS).
