

Consultation Document – Publication of Regulatory (Separated) Accounts.

Today the Utilities Regulation and Competition Authority (URCA) published a **Supplement to Consultation Document– ECS 21/2011**. This “supplement” presents URCA’s benchmarking exercise that is referred to in the substantive consultation document (ECS 21/2011).

On November 29, 2011, URCA received a request from a licensee requesting visibility of URCA’s benchmarking exercise as referred to in ECS 21/2011. URCA has duly considered that request and in the interest of transparency and cogency of the exercise at hand, agrees to make available its benchmarking exercise.

Interested parties may download copies of the “Supplement” from the publication section of URCA’s website at www.urbahamas.bs. URCA re-emphasizes that all responses to the substantive consultation paper are to be submitted to URCA by 5:00 p.m. on 20 January, 2012. URCA will subsequently review responses received to the consultation and publish a Statement of Results on the consultation.
