

Explanatory Note: 14th October, 2009

Minor amendments have been made to the Preliminary Determinations since they were first published on 30th September. These correct minor numbering and typing errors are listed in the table below. The versions of the documents currently available on URCA's website incorporate the amendments. Please see documents under tab Publications "Consultations" on the website.

BTC Determination Document			
Page #	Section Ref	Original text	Amendment
Pg 91	Section 7.1	Products in the high level SMP market – the table has erroneous numbers in it	Formatting error corrected and corresponding section numbering corrected
Pg 91	Section 7.1	Products in the high level SMP market – the table includes call origination, unbundled local loop and wholesale line rental	Call origination, unbundled local loop and wholesale line rental are excluded from the table and not discussed further in the text
CBL Determination Document			
Pg 92	Section 10.4.3	Conclusion of the substitutability test – states 'unlikely to be an effective substitute for CBL's digital packages'	Amended to state: 'unlikely to be an effective substitute for CBL's pay-per-view package'
Pg 111	Appendix 3	Heading states 'Types of Obligations imposed on CBL for the High Speed Data and Pay TV high level markets'	Amended to state: 'Proposed Types Obligations imposed on CBL for the High Speed Data and Pay TV high level markets'
